

Asthma

If your student has asthma and may need an inhaler during school hours, please print out and complete the following form:

1. Asthma Treatment Plan

ASTHMA TREATMENT PLAN can be found by clicking here: [MEDICAL FORMS](#).

The form with the inhaler must be returned to the school nurse. If permitted by your physician, your student may carry and/or self-administer his/her own inhaler, however the nurse must still have the Asthma Treatment Plan (signed by physician and parent) on hand in the health office. Forms are valid for the entire school year.
