### What are Learning Skills?

The Ontario Curriculum Policy Documents all describe learning skills:

- Responsibility
- Independent Work
- Collaboration (Teamwork)
- Organization
- Initiative
- Self-Regulation (Work Habits)

### What are categories?

The Ontario Curriculum Policy Documents all describe four categories of knowledge and skills:

- Knowledge/Understanding
- Thinking/Inquiry
- Communication
- Application

### What are levels?

The Ontario Curriculum Policy Documents all describe four levels of achievement within each of the four categories listed above. Level one represents passable achievement and “level four” represents outstanding achievement.

## How will I be assessed?

The primary purpose of assessment is to improve learning. Assessment will be ongoing and varied. Some assessments will be used to determine initial understanding (diagnostic). This is beneficial feedback and will not count towards your mark. During units, ongoing assessments will be used to help improve your learning (formative) and may count towards your mark. At the end of units, assessments will be used to evaluate what you have learned (summative) and will count towards your mark. **Learning Skills** will be assessed throughout the course and they are evaluated and reported separately. Each Learning Skill is reported using E, G, S or N (Excellent, Good, Satisfactory, or Needs Improvement). Even though Learning Skills are not part of your mark, *they are critical to your success in this course.*

## How will I be evaluated?

Your achievement in each of the *four categories* will be assessed throughout the course. Using some formative and all summative assessment information, an overall mark will be determined. This mark represents your most consistent performance in the critical learning for this course. Note that diagnostic assessments will NOT count towards the mark.

**Levels**, marks and anecdotal comments will be used to communicate your achievement on assessments

According to Ontario Curriculum Policy Documents, seventy percent of your final mark comes from assessments done during the course and thirty percent of your final mark comes from your performance on a final assessment at the end of the course.

	CATEGORY	Weighting out of 100
Term Assessments 70%	Knowledge / Understanding	25%
	Thinking	25%
	Communication	25%
	Application	25%
Final Assessments 30%	Culminating Performance Task	10%

We encourage ongoing communication between teacher, student and parent/guardian throughout the course.
