

Gloucester High School

Canada & World Studies (Social Science) Department

Welcome to Canadian History, (CHC 2DF), taught by Ms. Tremblay-Denton.

This is a 1 credit course.

Overview

Ce cours retrace l'évolution politique, économique, sociale et culturelle du Canada depuis la Première Guerre mondiale jusqu'à nos jours et souligne son rôle sur la scène internationale. Il amène l'élève à prendre conscience des influences internes et externes qui ont façonné l'identité du Canada et de l'Ontario français. L'élève étudie la diversification croissante de la population, la transformation de la société à la suite de l'industrialisation et de l'avènement de la technologie ainsi que la participation du Canada à des événements mondiaux et à des ententes internationales. Le cours lui permet ainsi de confronter différentes interprétations historiques, d'établir des liens de cause à effet, de soutenir des hypothèses, de faire des recherches et d'en présenter les résultats.

How will I be assessed?

The primary purpose of assessment is to improve learning. Assessment will be ongoing and varied. Some assessments will be used to determine initial understanding (diagnostic). This is beneficial feedback and will not count towards your mark. During units, ongoing assessments will be used to help improve your learning (formative) and may count towards your mark. At the end of units, assessments will be used to evaluate what you have learned (summative) and will count towards your mark. **Learning Skills** will be assessed throughout the course and they are evaluated and reported separately. Each Learning Skill is reported using E, G, S or N (Excellent, Good, Satisfactory, or Needs Improvement). Even though Learning Skills are not part of your mark, *they are critical to your success in this course.*

How will I be evaluated?

Your achievement in each of the *four categories* will be assessed throughout the course. Using some formative and all summative assessment information, an overall mark will be determined. This mark represents your most consistent performance in the critical learning for this course. Note that diagnostic assessments will NOT count towards the mark.

Levels, marks and anecdotal comments will be used to communicate your achievement on assessments. According to Ontario Curriculum Policy Documents, seventy percent of your final mark comes from assessments done during the course and thirty percent of your final mark comes from your performance on a final assessment at the end of the course.

We encourage ongoing communication between teacher, student and parent/guardian throughout the course.

What are Learning Skills?

The Ontario Curriculum Policy Documents all describe learning skills:

- Responsibility
- Independent Work
- Collaboration (Teamwork)
- Organization
- Initiative
