

Dear parents of the Freshmen Class:

The freshmen class fundraiser is running the volleyball concession stand. Some of us are new to this; but many will just need to look at the schedule to see when to work. We thought it would be good to start the reason off with the answer to some frequently asked questions.

Why are the freshmen in charge of the volleyball concession stand? Running the volleyball concession stand is the freshmen class fundraiser. The proceeds received from the concession stand are used for sponsoring Snowball, the winter dance; paying for their future Prom; and paying for their senior retreat.

Is it important for parents to help? YES! The more workers we have the better service we can provide our guests. It also helps aid in getting set up and tearing down in a timely fashion so that all families can be on their way. When your child is scheduled to work a shift one parent/adult needs to come along to work that same shift with them.

What if you are unable to work the shift you are assigned? Please find your own replacement by switching with another freshmen classmate. Families are only asked to work once during the season. When everyone does their part no one is overworked. If you need to change shifts please let one of the parent contacts know.

Thank you everyone for helping out!

Freshmen Student Council Officers and families: Ellie (President), Rysaiah (Vice-President), Aurora (Secretary), and Bradan (Treasurer)
