

Training and Development for Board Members

In keeping with the need for continuing training and development to enhance effective governance, the board encourages the participation of its members at appropriate board conferences, workshops and conventions. Funds for board leadership training and development will be budgeted for on an annual basis.

- A. Frequent presentations of educational features at board meetings;
- B. Subscriptions to educational journals and bulletins for each member;
- C. Information and resources provided by the superintendent;
- D. Visitations to the schools and offices of the district;
- E. Exchange of ideas and information through joint meetings with nearby school boards;
and
- F. Attendance at school board and administrators' conferences and conventions at the local, area, state and national level.
