Dear Parent or Guardian,

Thank you for your inquiry as to whether our employees are vaccinated against COVID-19. The District is mandated by law to maintain and protect any private and confidential information related to employees' medical history or any medically-related information obtained from an employee; this applies to their COVID-19 vaccination status as well.

It is also the District's policy to respect and protect the privacy of its employees by protecting confidential employee medical information from unauthorized disclosure. District employees' vaccination status constitutes confidential medical information that the District is not permitted to disclose.

If you have any questions or concerns regarding the District's COVID-19 safety and prevention protocols, please visit the District's website, www.sbcusd.com for the Roadmap to Reopening.

Sincerely,

Marcus Funchess, Ed.D.
Assistant Superintendent
